## Baby Buster's Book

September 16: Today  
Buster said his first  
Words. They were  
"pride" and "spirit"

Lea, I'm so glad  
I came to Bur-  
bank. I had the  
best time. I'll never  
forget Hawaii. I had  
the best time. I had  
so pretty. I had  
looked nice. I had  
time in the future.  
Good Luck. I'll  
later. Love always,  
Michelle

Lea-  
Out of all  
of the people in  
HS, you are the one  
I'm going to miss the most.  
We've gone through so much  
together, working at the Bell,  
about boyfriends and girlfriends, getting together  
at all the party's last summer, and the coronation  
dance. Remember your 16th Birthday Party, I got so  
sick, 2 bottles of cold Duck. We had our names for each  
other, Piglett, mug, mihita, Lee, and most of all Mi Amor. I got so  
we haven't really had a chance to talk, we've both been so  
busy, but you are very special to me Lea, you always have been,  
and you always will be. I remember the time you pulled me in the back of the  
house (same party), to kiss me, because I was going out with Ester, I was so  
happy when you did that. I forgot, I'm HAPPY. I still have that button you gave me.  
so many things are going through my head, I don't know what to say, so many memories,  
so many good things and times, and even some bad ones. When this year is over you better  
not forget me, you have to call, or come over or something. Take care of yourself, Or else I'll have  
to take care of you.

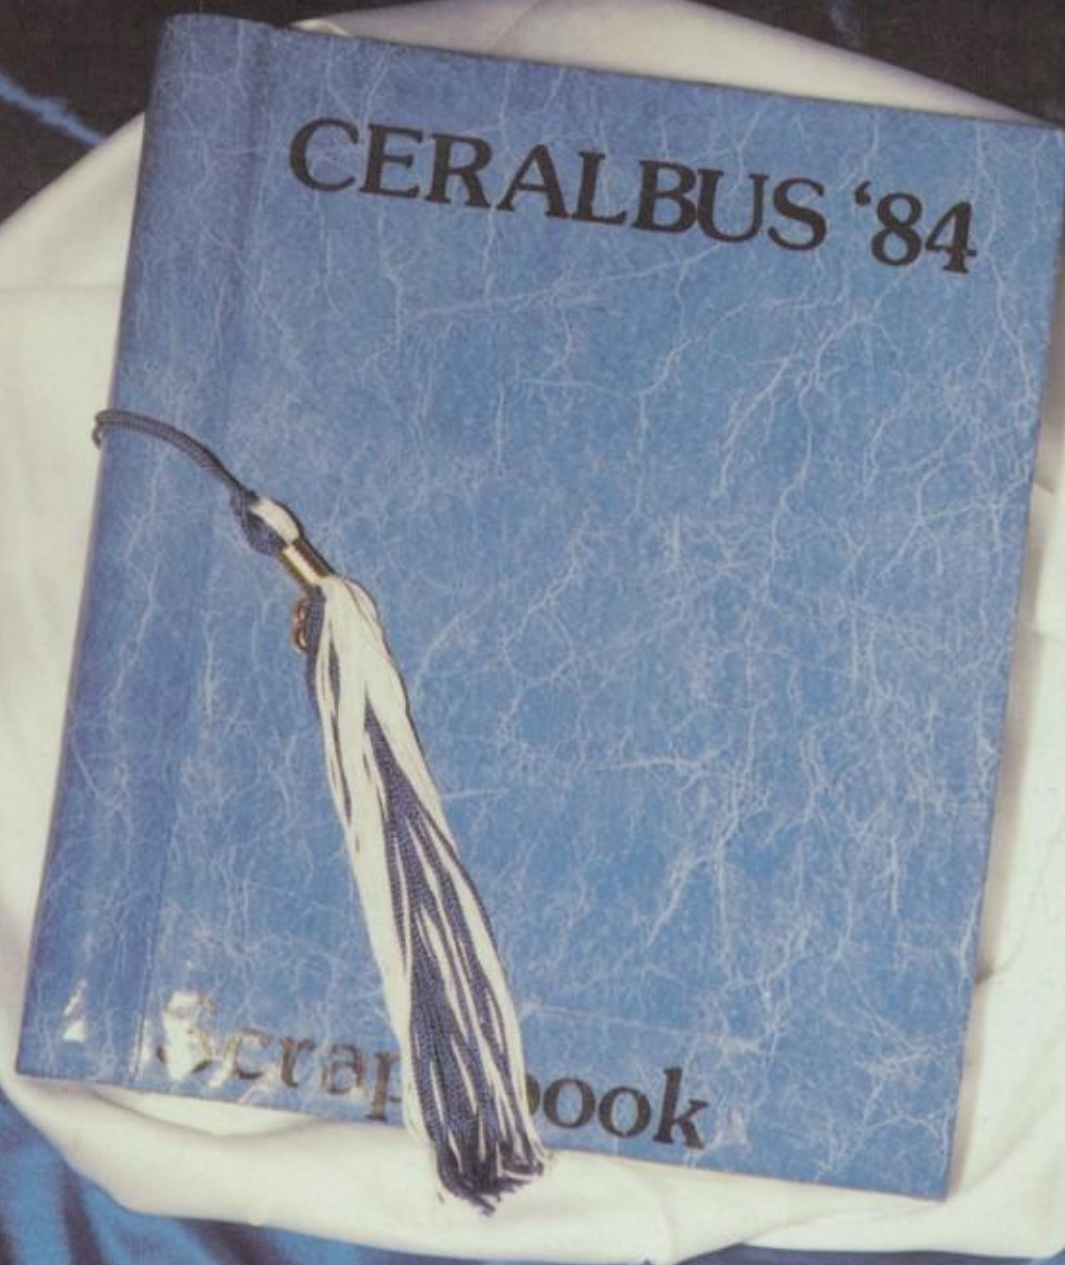

I Love You,  
David  
Schubert

In case you  
ever forget  
8/4/93/96

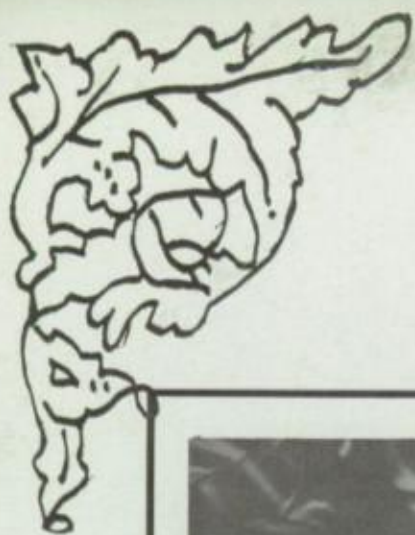

Buena Suerte  
Mi Amor.

SHE POINTS US IN OUR...

DEDICATION

## ... CAREER DIRECTION

We dedicate this year's Ceralbus to Glenna Thompson for her ceaseless devotion to the students of Burbank High School for 26 years.

Mrs. Thompson began teaching English at BHS in 1957. The high point of her 19 years as an English teacher was when she assisted the Drama dept. in producing a Shakespearian play. She was very gratified and had a great time helping with the production.

Since 1976, Mrs. Thompson became the work experience teacher, helping students find jobs and plan their careers. She conducts conferences with the students enrolled in work experience, and follows up by visiting students at their job sites.

Her hard work and endless dedication to BHS has been widely appreciated by not only the students but also by the staff.

## REGISTRATION DAY

On perhaps the three hottest days of the year seniors, juniors and then sophomores jammed the hallways of school and waited for their number to be called.

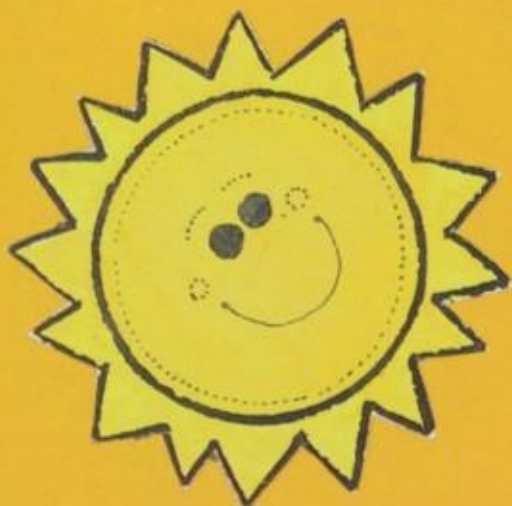

For seniors, the day was a breeze, most of them got every class they wanted or "had" to take.

Most juniors knew what to expect—which classes would be full, which teacher gave the most homework and how not to look like a dead person in their I.D. picture.

But for sophomores, the day was filled with, "here let me help you change your schedule," "come back after lunch" or "are there some people that some people with numbers before his?"

Registration day is one of the most important days of the year — the hottest, most aggravating, and most of all, the first chance for everyone to show off their new tan, new clothes and to talk away the time between numbers.

# BULLDOGS HIT THE

## Bulldog Pepsters Visit U.C.S.B.

On July 5th the entire Pep Squad piled into a bus and headed up to the University of California at Santa Barbara. They spent four days practicing, learning, and winning. Varsity Yell won a spirit stick for being the most spirited for the entire week. Small Flags won a special declaration and even JV Yell won a trophy for superiority. All their hard work and practice showed through every week and at every game as the BHS Pepsters cheered the Bulldogs to victory.

Hula girls? No, the BHS Pepsters going Hawaii at UCSB.

Hallway decorating was a popular spirit activity at cheerleading camp.

# THE CAMP TRAIL

## Ceralbus Staff Visits UCI

When their Advisor, Pat Andreoni, told Christine Forlano, Gail Swain, and Gina Oddo that they were going to Josten's Yearbook Camp at the UCI campus, they thought she was nuts. What would they do at a Yearbook camp?

Well, they learned how to write copy, design layouts, become better editors and they still had time to go to the beach, Knott's Berry Farm, have a pizza night, an ice cream social, a Toga Party, play dorm feud and make loads of friends.

Has their camp experience made a difference in the yearbook? Well, just turn the page and see.

Why are Gina and Gail smiling? They just left the boys dorm and watching "The Empire Strikes Back."

The girls from Ciudad include Gina, Gail, Christine and their friends from all over Southern California.

## FRANCE

LaRayne Hall, had the unique opportunity of living with the Andre's in Aix-en-Provence, southern France this summer. She spent a month with this family, learning about French culture. Pictured, lower right, are Tory Cochrane, Renee Chase, Grace Koo, and LaRayne Hall, who met in NY on their return from France.

Aloha from Nancy Troncoso, Michelle Bella, and Angela Harrigan who had a great time exploring the Hawaiian Islands — surfing, snorkeling, beach parties, slumber parties, and running barefoot in the rain — a vacation they'll never forget.

# CHINA

Teacher Pete Lipera accompanied a group of students from USC School of Nursing, as a historical guide on a study tour of China. Pictured is "Children's Palace," in Shanghai, which is a school for gifted children. Mr. Lipera poses with two girls. The red kerchiefs symbolize membership in the Young Pioneers, a youth group of the Communist Part.

## SAN FRANCISCO

Melineh Aslanian (center), Andre Aboolian (left), and Serj Minassian (right), enjoyed the sights of San Francisco this summer.

Darling the time has come for us all to realize that we know have the real world to face, the commitments and responsibilities come upon us. Then again, we have our freedom and decisions to make that will

fit and suit our life styles we are going to see less of <sup>our</sup> close friends but the friendship will always exist. I know you and I will always rely on each other and look for support from each other, because you are one of my dearest, if not the dearest friend

of my life. We'll certainly be seeing a lot of each other over the summer, no doubt.

## Memories

Remember when we were all sophomores,  
It seems like yesterday we were kids.  
The times went by so fast,  
but the memories will always last.  
We had so much fun,  
we were always on the run.  
We were running to parties,  
and trying not to be tardy.  
The Burbank games were the best,  
what was hard was all the tests.  
Our prom we will remember forever,  
everyone being all together.  
We beat Burroughs it was great we know,  
our Burbank pride will always show.  
Now that we are seniors we have to move on,  
We have to remember the fun is all gone.  
Cause graduation is hear,  
and our future is near.  
Even though the year went by fast  
Always remember our memories will last!!!!

## HOMECOMING

On the crisp evening of November 10, the processional rode their cars along the field on the Burbank vs. Burroughs football game.

The King and Queen were followed by the rest of the Court, down the side of the stands, filled with cheering crowds with happy faces. Showing their pride in Burbank High, the Court waved and smiled at the crowd.

They stood out on the 50-yard line in their lovely gowns and tuxedos with smiles on their faces and happiness in their hearts.

To top the night off, we were victorious over Burrough High School. It was a night to remember.

# CORONATION DANCE

Happy times and warm friendship make this year's Coronation Dance a memorable one. The laughter and the tears, the music and dancing were the settings for one of the most memorable occasions of the year.

The King and Queen were more than happy to receive their crowns with honor. The Coronation Court followed their steps.

This is the seniors' last year, the Class of 1984, and the Coronation has given them something very special to remember.

"Ohhh, Auzzie I didn't know you could dance like that!!!"

"Come on Dana, look up! They're going to take a picture of us."

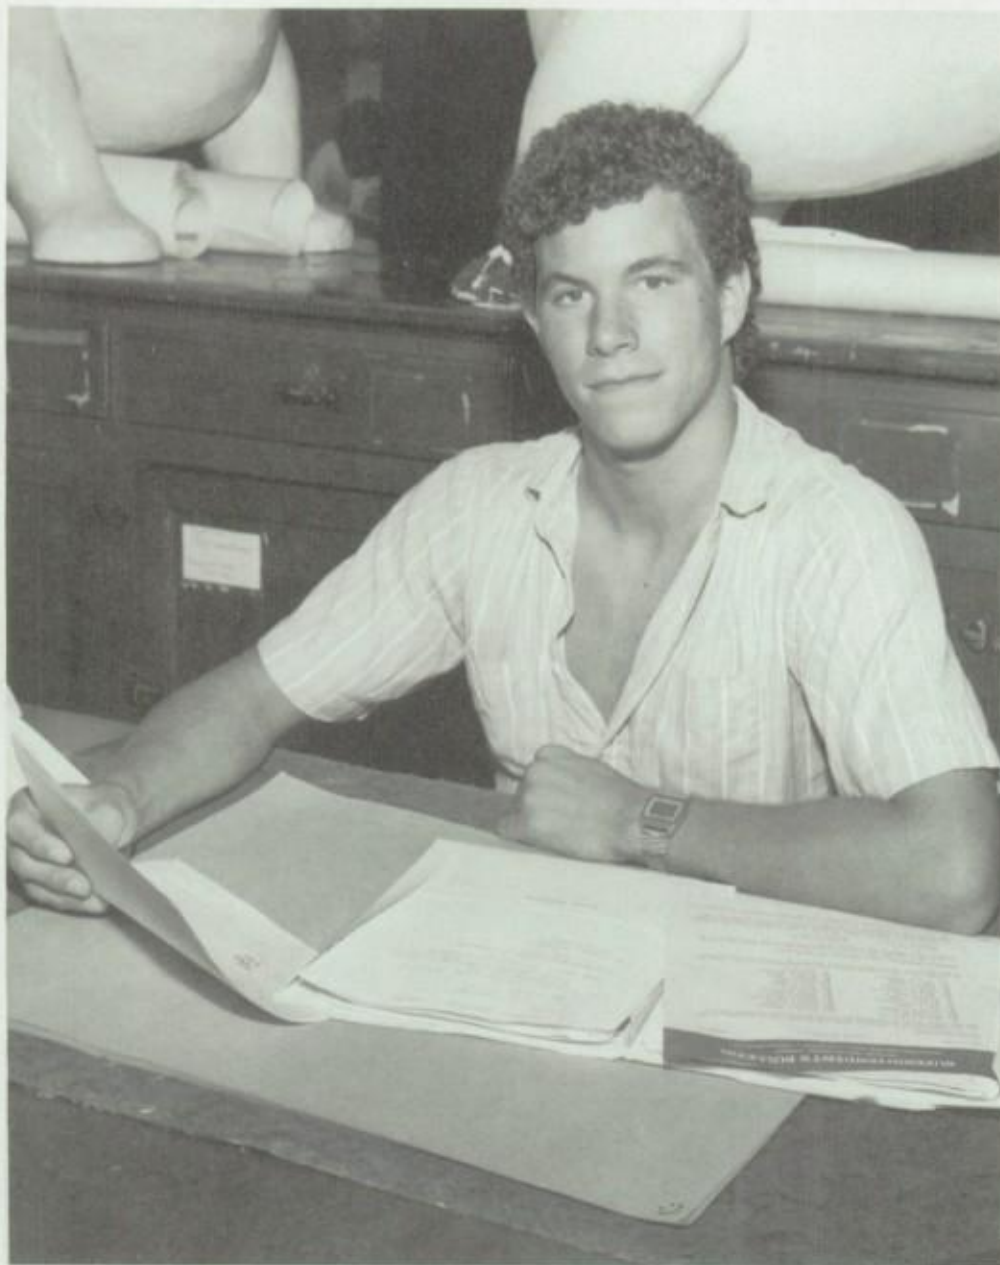

Ed crowns Greg. "I really thought that they would let me keep this crown."

"I think it fits! I think it fits!"

A message for you from your President:

To the students of Burbank High:

The memory of high school will be with you for the rest of your lives; the games, the parties, the dances, and of course, all that work. I wish you all the best of luck in whatever you do, keeping in mind that the optimistic people are those who will achieve the most. Thank you for letting me hold this office; it's been a lot of fun. Keep the bulldog spirit and I'll see you around.

*Lea, You are a great person. I'm not just saying that like everyone else writes in yearbooks. You are smart and very attractive, I'm sure you will go far. Good luck. Love, Greg Marchant*

## A NEW CAN DO FALL ASB!!

This year's A.S.B. has contributed to changing the reputation of Burbank High School. Their motto is, "The New Can Do A.S.B.!"

The name is just what it implies.

New: New ideas, New ways, New goals, New achievements!

Can Do: Can be successful, Can be spirited, Can Succeed!

A.S.B.:—Associating Student Body—

Associating ideas, spirit, and pride with the entire student body.

Through the guidance of A.S.B. advisor, Larry Auzene, A.S.B. has accomplished many wonderful things. The luau dance for example, was a complete success. Over 350 people attended and over \$900 was made. Everyone had a blast! It was the best dance our school has had for a long time.

The reason that this was such a success was through the hard work, time, and ideas of A.S.B. members, put together step by step, with the greatest of care.

Perhaps you've noticed changes at school—things like living showcases, a true school spirit, entertaining assemblies, awesome dances, all with the help of A.S.B. and the great people at our school. So, if you see someone who made your school great, stop them; smile; and say, "Thanks!"

**President's message:  
Cello Ghandi's:**

Thanks for a great year at BHS! I truly enjoyed being your spring semester ASB President. It was great fun seeing all of you so actively involved with school this year.

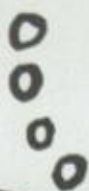

To all the seniors: See you in Hawaii!, and to all of you Juniors and Sophomores, keep up the fantastic school spirit and enjoy your High School years!

Thanks again for making my year great!

Sincerely yours,  
Todd Seidler —Spring  
Semester  
ASB President

Below left: Fundraising Commissioner Betty Avila (right), Don Smith Sr. Justice (mid.) and Asst. Fundraising Comm. Samantha Simmons (left).

Above left, "Dos" thinks! "If only I were King!"

Spring Semester ASB started off with a BANG! They had the largest class in ASB history. Following FALL ASB is a hard act to follow and Spring ASB accomplished as many wonderful things as before. Most of the Fall ASB remained in ASB, though their office was different. It was good to see some new faces and fresh ideas and see that so many people who are interested in doing something good for the school.

Some of the events which were pulled through, included the February dance, the Talent show and the list goes on. This year ASB has set standards for other ASB's to follow. It has played a more active part in making this school what it is today: A GREAT PLACE TO BE!!!!!! It is not ASB alone that makes a school great though; it is the cooperation of the students, faculty, and administration. ASB helps to get people going, to get them interested in school and to take an active part in making changes.

ASB has helped in developing a terrific school spirit. They've made money, and lots of it. Spring ASB and FALL ASB have done a great job to keep this school out of the red financially.

# THE GANG'S

Burbank crowds are wild and crazy-our spirit proves that we're not lazy. We work so hard for a victory, as all of you can plainly see, that when we win we feel so fine, the feeling we have is one of a kind; no one can stop our Bulldog pride so watch out Indians for you can't hide!

# ALL HERE

"This peanut butter is sticking to the roof of my mouth."

"A fun bunch of guys!"

Coach Kemp. "Those girls sure do look foolish."

"Can we walk any straighter?"

"Did someone say picture?"

# STYLE: GOING IN

Guess what's happening with fashion today? There's splashes of bright colors and drastic lines, put together with careful design. Details are the essential the final thing, useful to make your outfit fit just about everything!

The Ivy league and preppy looks still endure; they always have and always will. Assorted colors of top-sider shoes of red, green and blue, along with argyle is the big news.

Ripped shirts under ripped sweatshirts is the look which works, inspired by the hit movie "Flashdance" gone berzerk.

Punk is here again, maybe here to stay, hair's gone askew, bleached blond or mohawked, or another hue. The style is completed with leather all around—leather bands, leather pants, leather jackets with lots of zippers, and spikes from hair to ground.

The rocker look's still here too! Like punk, rockers will be around as long as their music is. Rockers have hair going out in all ways, and are garbed in leather, too, which seems to be a craze. Bright and contrasting, that's how they're dressed, but don't ask them what it means or they'll think you're a pest.

Don't forget, MTV, the newest craze to hit the nation. Rock Videos put to great music with bizarre settings and filming techniques make the total effect one that will endure.

Mod is back again, with its definite look it seems! The hair is cut short, straight and very extreme. Scooters are essential, a very important part, but woe to those who still must soothe their broken little hearts.

Of course the casual, down-to-earth look still stays, with nothing fancy, nothing frilly, and definitely nothing silly. Simple is the key for this versatile style. Jeans with a matching top of mellow hues seem to be the way colors are used.

Computers are the big things now, soon every household will have two in every room. When put together with different discs and programs, and even add a word processor, you've probably got more equipment than you know how to use.

Diet Coke is the big drink this year. Now sweetened with Nutra Sweet, the taste is unreal. Along the cola line are the new and exciting caffeine-free drinks. Now there's no sugar, no caffeine, no calories; next thing you know they'll take out the water. Nutra Sweet is the new fantastic sugar substitute, which doesn't leave an after-taste, and is as sweet as candy.

We must not forget the ever changing high-fashion look. This year high is right as in mini-skirts using dyed or bleached denim for the material. The result is striking and lots of fun. Guess is the big name from everything from colorful oversized shirts, to army garb, overalls, skirts, jackets and jeans in various different colors. Belts and belts, one over another is an idea that's very clever. It is part of the look which some consider "the after the nuclear war" look. Everything is grays and blacks. It's cute but, my gosh, it just looks so dead.

Fashion is always changing. Old fads are reborn and become new, style is always fun, it's something to do. Everyone has it and that includes YOU!!!

Cars are a big part of our daily lives. If we did not have cars we would not have transportation for school, work and our weekend entertainment, such as football games and all those weekend parties. ## ARE 4-EVER

### Friends

Your friends are forever.  
They're there to remember.  
To remember the times,  
when we had so much fun.  
We were off to parties and always on the run.  
The times that were good, and the times that were bad.  
Your Friends were there when you were sad.  
They were always by your side.  
They were there ready to guide.  
Cause when you blew it,  
They helped you through it.  
So always remember your friends are forever.  
So never forget any of your friends.  
'Cause you'll always need them, even in the end!

# Going For The Gold

## Cast And Watkins Have What It Takes To Go All The Way

Just picture watching T.V. and seeing Americans walking away with gold medals in the 1984 and 1988 Summer Olympic Games. Well, it just may happen because B.H.S. has two very promising athletes, Caroline Cast and Todd Watkins. These two young people are working hard for a chance to be contenders in the Olympics. If Caroline and Todd make it, this won't be the first time Bulldogs will go to the Olympics. In 1964 Carhy Jean Fergusson was the recipient of 2 Olympic Gold Medals

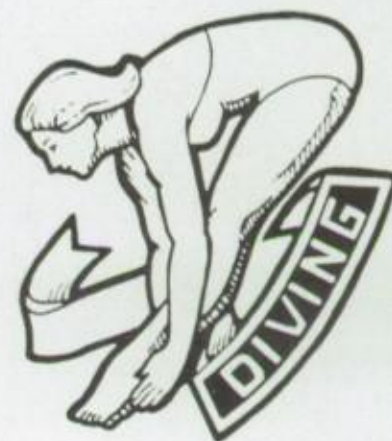

Cast and Watkins, people with a purpose.

for the 100 meter backstroke and as a member of the 100-meter relay team. Good luck, Caroline and Todd we will all be watching for you in 1984 and 1988.

### 1988 Is Four Years Of Practice Away

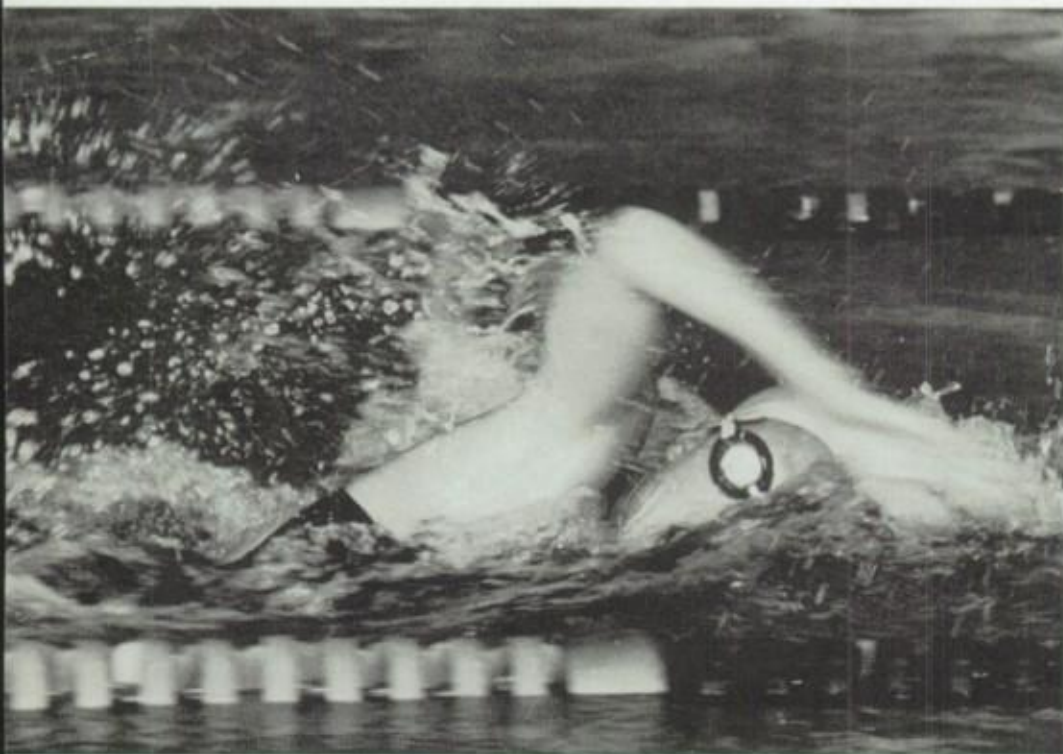

Even though Todd Watkins is only 17 years old he has a big idea of what he wants to do; he wants to participate in the 1988 Olympic Games in Seoul, S. Korea. Todd has been diving for the past 9 years, in both platform and spring board types. He spends 1 ½ hours a day practicing, but still has time to be a cheerleader. The fact that

Todd also particiaptes in school diving helps him with his working out and maintaining a good competitive edge. Todd has been in meets in Texas, Iowa, Indiana, Colorado, Arizona, as well as Germany. Not only has he traveled but he has won over 200 awards including CIF Championships.

### Nine Years Of Practice Going Into 1984

Caroline Cast is 17 and she has been competing for 9 years in swimming. Caroline has already made the Olympic trials for 1984 and she is working out as hard as ever. Caroline practices in Industry Hills for 3 hours a day, plus she lifts weights and runs. Caroline hopes to let swimming take her to college and as far as it can. Even though she feels that she has missed out on many things, she feels that it has all been worth it. One of her most exciting moments was when she was interviewed on E.S.P.N. and saw herself on T.V., well Caroline has to get used to seeing herself on T.V. because the way she swims just may make the cameras roll in 1984.

# CLUBS

## VARSITY YELL GO!"

There was something different on the field this year. Male Cheerleaders were the exciting new attraction; Lance King and Todd Watkins, to be specific! Having guys on the Varsity yell squad enabled Varsity Yell to perform thrilling partner stunts!

Varsity Yell has had a lot of fun. During the summer, Yell went to cheerleading camp. The football games would not have been complete without the Varsity Yell. They did a great job and B.H.S. thanks the Varsity Yell Cheerleaders!

## VARSITY SONG DANCES ON !!

Sis! Bom! Bah! Rah! Rah! Rah!, listen to the rustle of the Varsity Song's pom poms!

It took lots of time and dedication to perform their routines with such precision. We can't forget the pie-in-the-face from the "make 'em laugh rally" can we? The Cheerleading squad would not be complete with out the Varsity Song squad. The atmosphere of the football games is perfected with the cheers being sung out over the rustle of the pom poms and the pitter-patter of little white tennies.

# "VARSITY SHORT FLAGS SHOW PRIDE!!"

L. to R. Ana Ossa, Gina Oddo, Ellie Moreno

This year short flags were cut even shorter. There were only three short flag people but their performance was still great. The flags also went to cheerleading camp and won an award. They had lots of fun twirling their stuff.

## BUSTER BULLDOG: MASCOT

A new attraction appeared this year! We had a mascot! A Bulldog of course! The Bulldog, Mike Wilke, was down there on the field with the cheerleaders. When the real Bulldog was unable to show, Greg Marchant or Linc Bandlow stepped into the Bulldog suit and substituted. B.H.S. is truly grateful to have our mascot, and hopes to see him here again. The mascot is GREAT!

The JV cheerleaders have worked hard to put on great performances during the year. Their performances take place at pep rallies, along with the Varsity cheerleaders, and at JV games. JV cheerleaders also appear in assemblies with the whole pep squad. Yes, the JV cheerleaders do a lot and their work is appreciated. After all, who else would dress up like a raisin and wish they were an Oscar Meyer wiener!

Drill team's been working hard to have their routines down to precision. They put their shows on during half time and in Saturday parades. Both the skill of drill team members and the help of Miss Krohn have made drill team what it is today. This year's team has won many awards and is really looking good!

### Microscope Slide

Are you wondering who our future professionals are? Who are our future doctors, lawyers, dentists, presidents, ambassadors, Nobel Prize winners, garbage technicians, McDonald's managers, psychiatrists, professors, veterinarians, engineers and politicians??? They're in CSF. But, being in CSF is not all fun and games. You must have a 3.5 GPA, an academic schedule, attend at least 5 meetings, and complete a service project. This all takes many hours of time and devotion. CSF is not just all books though, they have events like the Christmas Tree raffle and service projects such as painting the lunch shelter benches blue and white. They visit colleges and, if they have been in CSF for at least 4 semesters one of which must be in their senior year, they proudly wear a gold tassel on graduation day! Burbank High thrives on the academic stimulation supplied by CSF, and we couldn't thrive without it!

# CLUB

Z-Club is a service organization for high school girls. Each Z-Club is sponsored by a local women's Zonta International Club which aids them in many ways, including financially. Burbank High had the first Z-Club in the world, and we are proud to carry on the tradition by offering our volunteer hours in many ways. This year we have gone in costumes to St. Joseph's Medical Center to pass out Halloween candy, collected Thanksgiving food for the Burbank Temporary Aid Center, and had a candy fund raiser to collect money for the Sri Lanka, which we help sponsor. We will hostess holiday parties for military personnel with the help of the U.S.O. and have an Easter egg hunt for local underprivileged children. Burbank High Z-Club is made up of hard working girls who enjoy giving their time with only a "thank you" as a reward.

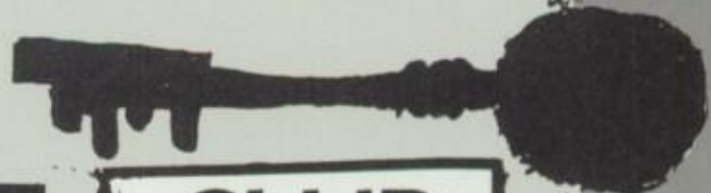

Want to know what club Robbie Hagerty says, is the "Finest club at school"? Do you want to know what club donates money and time to worthy causes? Do you want to know who is the "little brother" of the Burbank Kiwanis? It is KEY CLUB of course. Yes, through the great leadership of advisor Larry Auzene, Key Club has been able to help the Spastic Kids Foundation and various school athletics. Key club has 27 hard-working, devoted members. Their distinguished officers are as follows: President, Robbie Hagerty; Vice President, Greg Murphy; and Sgt. at Arms, Todd Seidler. Key Club is great and helps make Burbank High what it is today!

They have gone to such wonderful places as Utah and Mammoth for their skiing pleasure. Remember, they're the few, the proud, the Ski Club!

They're at all the pep rallies and always participate in every school activity. They're so busy that they didn't have time to stand still to take this picture! Pep club really helps to make our school a better place. Remember, you might not see them, but their SPIRIT'S there!

Burbank High's AFS/YFU International Club provides sponsorship for students, both from the U.S. and abroad, to participate in an student exchange program. The club raises funds to help reduce the expenses of an exchange program. On December 14, club members went on a tour of L.A. in order to show our visitors some historic and interesting sights, such as Olvera Street and Chinatown.

We have two exchange programs here at BHS. AFS (American Field Service) sent Bill Akmakjian, BHS junior, to Lima, Peru last summer. Randy Kolstad is spending his junior year in Denmark through AFS, studying in Danish schools and living with a Danish family.

The second exchange program is YFU (Youth for Understanding). Jacqueline Yount returned in January '84 from a year in Australia with YFU, in time to graduate with her senior class here at B.H.S. Three YFU Exchange Students from all over the world are studying here at BHS this year.

Janine Lettmann, from West Germany, is living with Julie Buntin (BHS soph) and her family. Victor Alegre, from Madrid, Spain, is living with the Vierra family and Berit Poulsen, from Denmark, is staying with the Gill family.

Two BHS sophomores are AFS finalists for placement in the Americans aboard program for the summer of '84: Tamara Boyd and Regina Soto.

Sponsors of the AFS/YFU International Club are Gene Marsh, BHS librarian, and Teachers Jane Thomas, Diane Berger and Toni Cannon.

This year, it took the Hi-Life staff a bit longer to get any papers published but when they did, it was FANTASTIC! Due to technical difficulties the staff was unable to get anything printed. It took the Hi-Life staff a while to get off the ground. When they did, they were flying HIGH!

Even though, during the first semester, no papers were printed, it didn't mean that the staff sat around and made paper airplanes; instead they turned in articles, had deadlines to meet, pictures to take, paste-ups to do. The journalism class

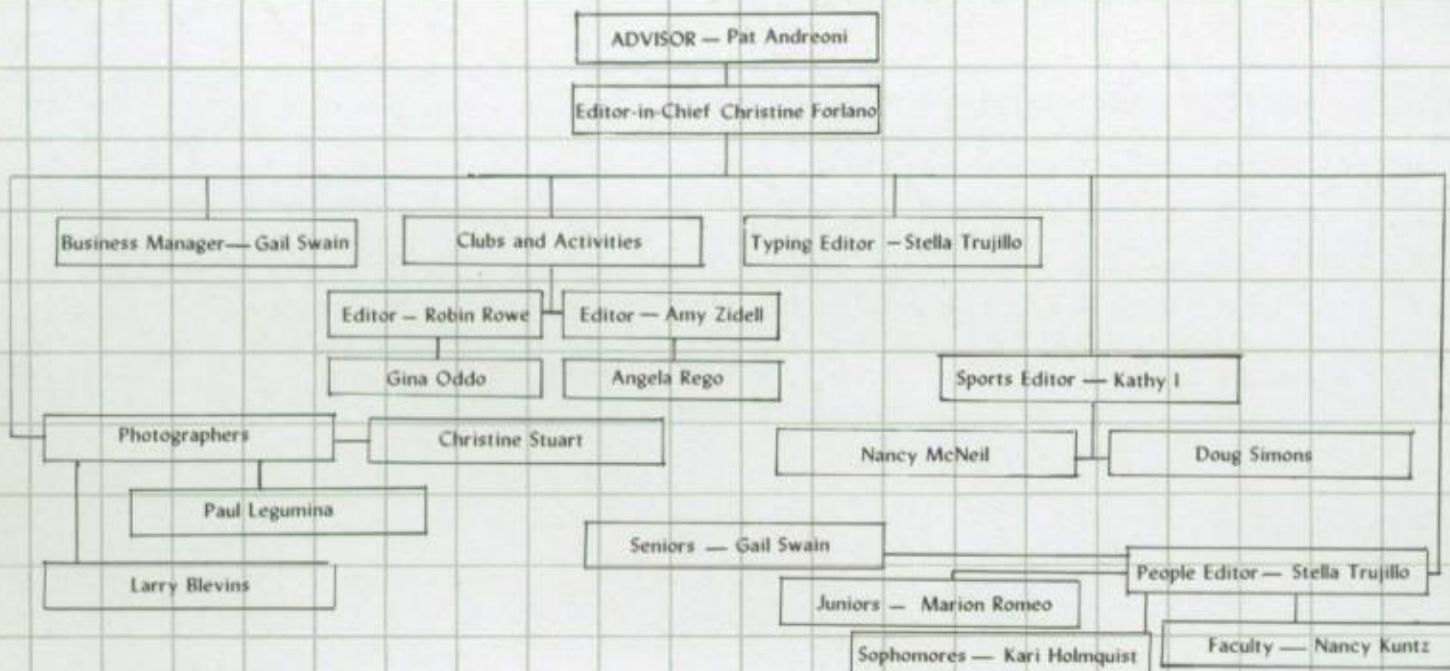

worked carefully on articles and studied various types of stories. The paper is prepared outside of the assigned class work, and this shows how dedicated the staff really is. We are lucky to have a journalism staff of the high caliber of our Burbank High School Hi-Life staff. It is a difficult job to keep an entire school informed, and to catch every story that comes along. The job done by the Hi-Life should not go unnoticed! Thanks, Hi-life for being there to get all those Scoops!!!!

Quick, look busy.

But that picture doesn't fit on this page.

One more word and I'm going to throw this eraser at you.

You want me to do what?

The 1984 Ceralbus staff puts in many hours of work to meet their deadlines.

We keep our jobs up our sleeves.

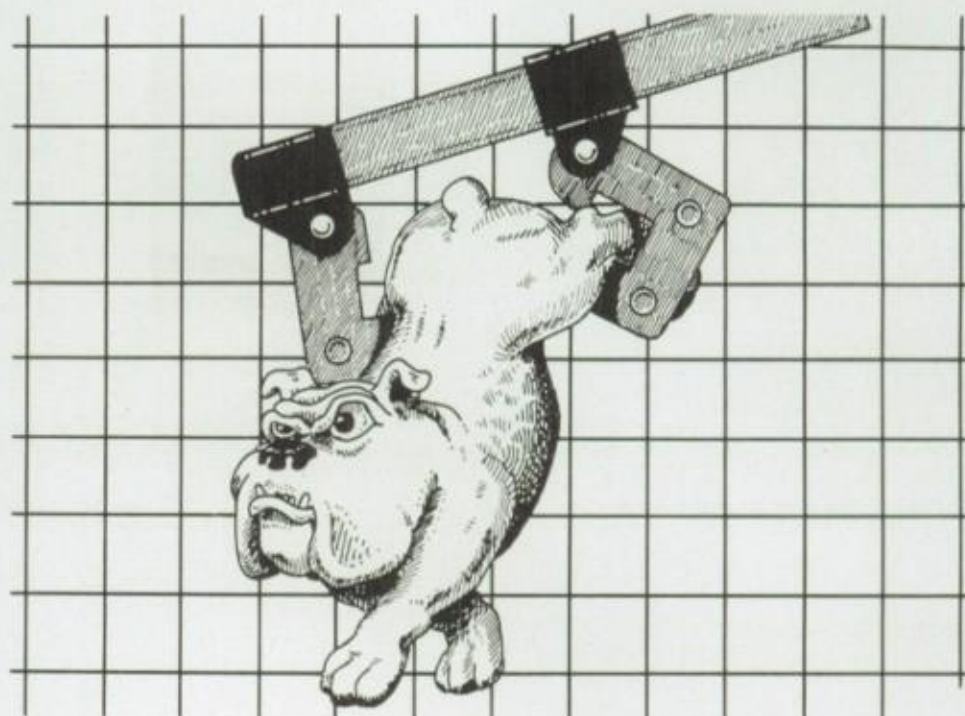

Editor-in-chief-Kristina Forlano.

Being the editor this year has been something I will remember for the rest of my life. I would like to thank this year's staff for spending many lunches in class working on deadlines when they could have been going to McDonald's. I'd also like to thank Mrs. Andreoni for believing that I could do the job. Thank you Ceralbus 1984, you've made the best book ever.

In fact, every member of Theatre Workshop can get into the Thespian Society for actors. Theatre Workshop is responsible for putting on all of those wonderful musical productions at our school. They also have had such fund raisers as a pizza night, which they hope to repeat; candy bars sales and a bicycle fund-raiser. Theatre Workshop has a lot of great, fun, and exciting people in it and helps to enable our school see a bit of the arts, and helps to put a little culture into our lives.

Pop Jazz performs at many functions using their talented voices. They have sung their way to the hearts of many as they have sung to packed audiences and closed out shows. It's not opera, but a totally new idea. Pop and Jazz sing out through the year, everything that you hear.

Barbershop too, performs at many filled benefits. They put their voices together to form a sound unique to themselves. With tenors so low and sopranos so high, they create an almost quadrophonic sound. This makes you appreciate that nature comes in stereo. They have a certain style and dress which has entertained many for a long, long time and still will with a little bit of whine.

# GIRLS RUN UP A STORM

The girls' cross country team had a slow season this year. With a team total of six, only two of the girls had experience. Julie Christensen and Susi Pritchett were the two returning juniors. Girls cross country finished with a 2-7 record. They succeeded in beating Burroughs and they took Bellarmine Jefferson through forfeit.

## SOPHOMORES WIN FOOTHILL LEAGUE CHAMPIONSHIP

## J.V. RUNNERS SET THE PACE

Junior Varsity was a tough team all season long. They were the largest BHS cross country team, with Norm Green, Kevin Hasely, Francisco Chavez and Brian Williams as our returning runners. They finished with a successful 9-1 record.

Top Row (L to R), Chris King (photographer), Ross Moen, Norm Green, Kevin Hasely, Bruce Telkamp, Mike Dargahi, Wayne George, and Coach Dave Kemp. Bottom row (L-R), Bobby Martinez, Joe Zapata, Bill Girod, Kevin Mokrcek, Francisco Chavez, and Brian Williams.

## Varsity Cross Country

The Varsity Cross Country had some bad luck this year with a lot of illnesses and injuries. Glyn Lister was their strongest runner until he pulled a muscle in his hip. Despite their bad luck, they finished with a 5-4 record. Coach Dave Kemp believes that if they had had fewer fatalities then they would have gone on to win the CIF Championship.

John Cowles and Rich Mailhot served as captains for the varsity team and did many extra things for the team throughout the season. Our Most Valuable Defensive Lineman was Mark Hooper while Tom Call and Ramiro Quinones were voted Most Valuable Defensive Backs. Derek Trabilcy was awarded Most Valuable Offensive Back and Gary Willison received the Most Valuable Offensive Lineman award. The Most Valuable Defensive Linebacker was Todd Siedler. # THE BIG GAME

Burbank Vs.  
Burroughs

Here they come Derek!

A victory Dogpile

On November 10, 1983, the unofficial champion of the City of Burbank was decided for another year, and to a great extent, the success of two teams' seasons was determined. While this game did not decide the league champion, it did, as it always has, have a great bearing on the feeling of accomplishment for the Burbank Bulldogs Football Squad.

While the Big Game between Burbank and Burroughs High Schools does not receive the publicity or attendance of some of the older rivalries in Southern California, or those between larger schools, it might as well be the Super Bowl, Rose Bowl and USC vs Notre Dame all wrapped up in one to those who have played, cheered or coached in one of these games. The games have brought excitement to all involved in their 35-year history, and left many very special memories.

The rivalry has been intense from the very first game in 1949, and it rarely matters which team is favored to win — there have been almost as many upsets in the series as there have been favored winners. The typical high school pranks, such as the kidnapping of mascots and school signs, the changing of Bur-

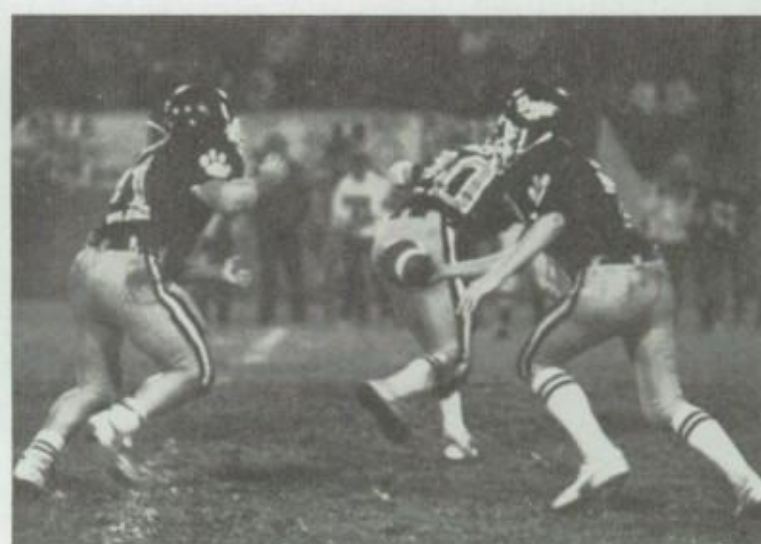

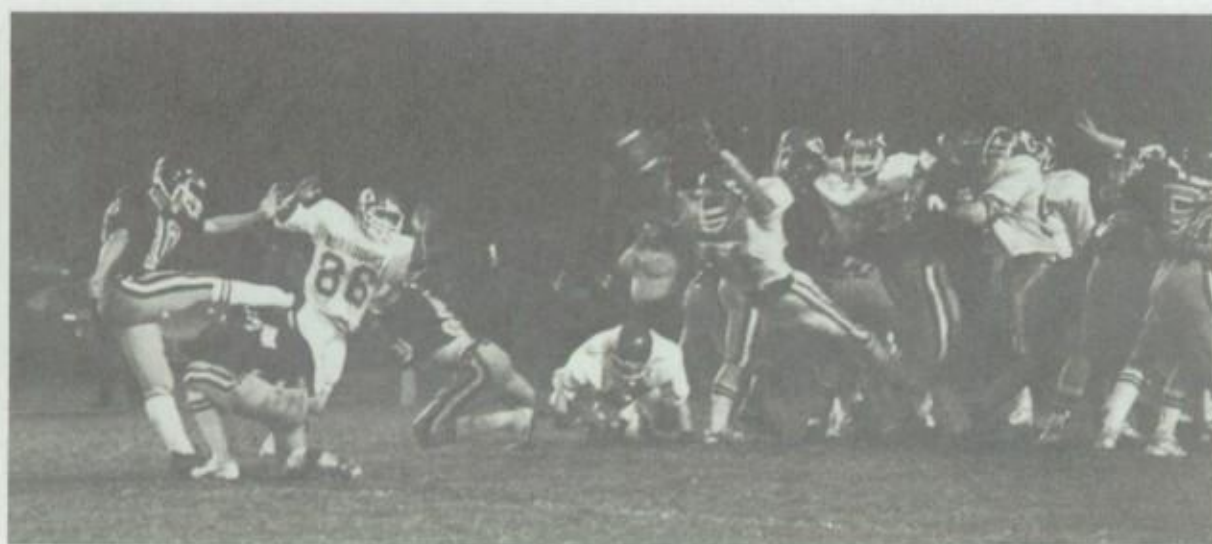

Check the score, Burroughs

bank's "B" on the hill to a "JB", and back again, offering the other school for sale on local radio stations and "tee-peeing" the opponents school, have only served as fuel and keep the rivalry alive.

November 10th's game featured the 4-5 Bulldogs vs the 7-2 Indians. The game was played with the intensity of a league championship game. It had been six years since Burbank stole the victory from Burroughs. Derek Trabilcy scored two touchdowns, Joe Cofre scored one touchdown and Alfredo Velasco kicked the winning field goal with the clock displaying 0:00. Burbank fought back twice to tie the score at 7-7 and 14-14, and took the lead into the fourth quarter, only to see the Indians bounce back and score a touchdown of their own. But, the Bulldogs never give up and Derek Trabilcy carried the ball eight consecutive times to set up Alfredo Velasco's 20 yard field goal to score the next three points. Burbank finished with a 5-5 overall record and a 2-3 in the league while Burroughs finished with a 7-3 overall and a 3-2 in league. The final score of 24-21 will go down in history like every other Burbank vs John Burroughs game.

# TENNIS: SWEAT AND . . . TEARS?

## NOT YET!

The pre-season tennis games this year went well. The Burbank High Varsity Team was undefeated, with only San Marino giving them heated rivalry. As most of the team are underclassmen, many good players will be returning to the team next year, which is hopefully going to be one of their best. Good-luck to the tennis players — present and future!

Even though they began the season with injuries to Cathy Zak and Janine Cochran, the Varsity team was able to make it to CIF, where they met up with a top-flanked Antelope Valley. After losing 2, winning 2, and being tied up 14-14 for several series, A.V. finally came up the winners, but not without a tremendous fight by the Varsity team and Most Valuable Player Lise Groth. Even though the team was comprised of new players, they showed that they had the stuff to beat the never-been-beaten-before Beverly Hills team. With Most Valuable Player, Lesley Plank, Most Inspirational, Shannon Scribner and Most Improved Chris Dilibert, the team made a great J.V. season.

## Class Of 1984!

Lea,

Well sweetie, the year is over and what a year it's been. In fact all the years have been filled with crazy times, sad times and THE BEST TIMES. This last semester was kind of weird because we weren't as together as we have been in the past. But I guess it's good practice for the years to come. In the last semester, although we've been apart the feelings have still been there. You know that friends are friends when you've been apart for so long but the love is still there. Next year we'll be even farther away but there's always the phone and always the weekends. We all are going to have the best life, filled with rich men and success and we'll always be together. ALWAYS. People have said to me "you're going to lose touch with all your highschool friends and meet new friends." But I believe that, sure you're going to meet new people that's great you know but you won't lose touch of the old friends unless you really want to and that it's impossible to lose touch of the

**The 1984 Ceralbus Staff** special friends because they'll always be in the heart. Lea you're a very special friend and I'll always have you in my heart. We'll all be together forever; it will take effort but it's worth it.

I Love You  
Sonja  
Archer

# IN MEMORIAM

## ROBERT BENNETT

Social Science Teacher

Mr. Bennett taught at Burbank Schools from 1955-1983. He passed away on January 30, 1984, from lung cancer. Mr. Bennett was well-liked and will be missed by all.

When loved ones pass away  
Fond memories remain and stay.  
To accept they're gone is a fight  
But it seems a necessary plight.  
It is comforting to know they are at rest  
And that you acted in a way that was best.  
They're not gone forever, as they stay in your mind  
And they will until the end of time.  
Try to think of things that were done  
And all the times you had that were fun.  
You cannot bring back what's gone away  
But your memories of them will remain and stay.

# FAMOUS AUTOGRAPHS

Lea-

To my fan club president. Just think in a couple of years you can cash this autograph in for some tickets to my games (when i'm on the Dodgers). Well, maybe (I hope) anyway, only a few more days until the big Graduation. So did you have fun at the Prom? I did, I had a great time. It's too bad we didn't have any classes together this semester. So what are you going to do next year? work? College? or what? Well Lea I wish you all the luck in the future and in anything you do. I'll see you later.

Greg Murphy
